PROFESSIONAL PROFILE

Software Developer with technical training and over 15 years of experience developing, maintaining and evolving enterprise applications. Specialized in .NET, C#, Blazor, SQL Server, Oracle, LINQ, PL/SQL, corporate systems integration, appliance maintenance and advanced technical support.

He combines software development, systems operations and technical diagnostics to build reliable, maintainable applications aligned with business needs.

MAIN TECHNICAL STACK

C# / .NET	Blazor Server	ASP.NET	Entity Framework Core
DevExpress Blazor	SQL Server / Oracle	LINQ / PL/SQL	HTML / CSS / JavaScript
Git / GitHub	Visual Studio / VS Code	Reporting PDF / Excel	Systems / appliances

KEY SKILLS

Software development Structured, maintainable enterprise applications prepared to grow with business needs.	Databases and integration SQL Server and Oracle database integration, information access, process automation and connection with corporate systems.
Operations and support Appliance maintenance, advanced support, incident analysis, monitoring, service continuity and production environments.	Technical quality Logging, traceability, diagnostics, error control, Excel/PDF export, multilingual support and process improvement.

PROFESSIONAL EXPERIENCE

Mativa, Software Developers | Software Developer / IT Systems Operations Technician

January 2021 – May 2026

Enterprise application development and maintenance, .NET solution evolution, SQL Server and Oracle integration, advanced technical support and appliance maintenance.

- Development of enterprise applications focused on maintainable and scalable solutions.
- Implementation of web features to improve the management, consultation and processing of business information.
- Integration with SQL Server and Oracle databases to query, transform and manage corporate data using SQL, LINQ and .NET tools.
- Appliance maintenance, incident diagnostics and operational support in production environments.
- Generation of exports, reports, traceability and internal-process support tools.

Technologies: .NET, C#, DevExpress, Blazor, SQL Server, Oracle, LINQ, PL/SQL, HTML/CSS/JavaScript, Visual Studio, VS Code, Git, appliances.

Flexible IT | Software Developer

January 2013 – December 2020

Software development and maintenance of technology solutions for business environments.

- Development and maintenance of corporate and internal applications.
- Implementation of improvements, incident correction and support for production solutions.
- Integration with databases and internal systems, focused on stability and service continuity.
- Collaboration with technical teams in analysis, development, deployment and troubleshooting.

Technologies: .NET, C#, DevExpress, SQL Server, LINQ, internal tools, Windows systems, support and corporate environments.

PROJECTS AND AREAS OF SPECIALIZATION

- Enterprise applications with modular, layered architecture.
- Web applications with .NET / Blazor and reusable components.
- Oracle and SQL Server integration, including procedures, cursors and error handling.
- Consultation, filtering and management screens, Excel exports and PDF generation.
- Logging, technical diagnostics, traceability and multilingual internationalization.
- Appliance maintenance, production support and technical incident resolution.

SUMMARY OF EARLIER EXPERIENCE

Training Soft Sport Solutions | Junior Developer

2007 – 2012

Development and maintenance of web applications and intranets, using ASP, JavaScript and SQL.

- Maintenance of platforms for institutional and business clients.
- Support for web projects and internal applications.

Technologies: ASP, JavaScript, SQL, intranets and web applications.

Earlier experience in web development, multimedia, Internet video editing, technical support, IT training and digital content management (2001 – 2007).

EDUCATION

2010 – 2012	Higher Vocational Training Programme Computer Programming, Specific Applications Institut Nicolau Copèrnic
1999 – 2001	Higher Technician in Administration and Finance IES Terrassa

LANGUAGES AND ADDITIONAL INFORMATION

Languages Spanish: native Catalan: native English: intermediate	Additional information Class B driving licence. Available for hybrid or on-site roles in Barcelona. Problem-solving and service-continuity oriented.
